Model C2

WHILL Model C2

Short-Distance Mobility

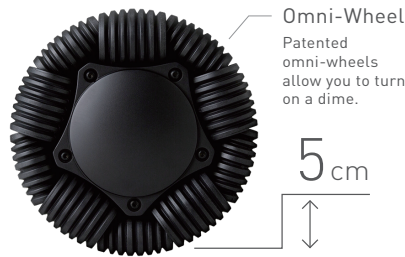

Live life without boundaries

Features and Functions

The battery can be removed and charged in a regular household outlet.

Effortlessly climb over obstacles up to 5 cm in height with two powerful motors and large front omni-wheels.

Adventure with WHILL - the Model C2 can make tight turns, allowing you to go places that a typical scooter can't take you.

Choose from 8 different arm color options and customize the Model C2 to match your personal style.

*Limited edition color

The basket is conveniently located under the seat, making it easy to get your items in and out.

Accessories

Arm Covers
Choose from seven colors.

Lap Belt
Firmly stabilizes the sitting position even on slopes.

Battery
The 2.7 kg lightweight battery can also be used as a spare battery.

Battery Charger
A great compliment to a spare battery.

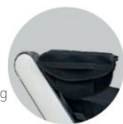

Dust Cover
Protects the Model C2 from dust and dirt.

Cane Holder
Canes and crutches can be fixed to the main body.

Joystick
Operate joystick by grasping with your hand or sandwiching between fingers.

Side Bag
A side bag that can be attached to the arm support. You can store important things such as smartphones and wallets near your body. There is also a zipper pocket inside the bag.

Armrest Pad
A pad with cushioning performance that can be attached to the arm support. The height of the arm support can be raised by 3 cm.
